About Seminar

Human Rights as an issue has been associated with human beings, ever since the inception of the human race. As we are all aware that these rights are inalienable once we take birth as human being 'life, liberty and pursuit of happiness' are inseparable from every human, which are endowed to us by our creator. Ironically even after giving legal status of these rights and laws are made, we see the violation of these rights every moment at some corner of the globe. Keeping this as the main objective we thought that a national seminar be held to bring more and more awareness about human rights and the laws related to it among the teachers and the taught. We hope that this discussion will have a positive impact on the minds of the delegates.
